

When designing decorative sails, architects and interior designers make use of Ferrari® Batyline® textiles because of their lightness, structural qualities, aesthetic appearance and flexibility of usage. Decorative sails can be overlapped to create a unique architectural effect.

ADVANTAGES

- Aesthetics of materials and light effects,
- Acoustic comfort,
- Flexible implementation,
- Warranty and safety,
- Sustainable development.

→ Recommended textiles for decorative sail applications

- Batyline® HM Classic • Batyline® HM Tweed • Batyline® Canatex
- Batyline® Mesh

- The Ferrari® Group supports professionals: specialists install fabricators, specifiers, distributors, and makes available to its partners the company's experience, knowledge and photographic library of projects unique worldwide in terms of international references. You can access all this information by opening an account in the limited access area.
- If you have a project and would like support or simply information from the Ferrari® specification department, then don't hesitate to complete our "Professional access" form on the Ferrari® website.
