

The aesthetic, safety, lightness and modular capacity of composite textiles prompt architects and engineers to choose them for partitions and screen walls. Slender, openwork Batyline® textile screen walls delimit space, whilst allowing light to pass through.

## ADVANTAGES

- Material aesthetics and light effects,
- Durability,
- Easy installation,
- Warranty and safety,
- Sustainable development.

## → Recommended textiles for partition / screen wall applications

- Batyline® HM Classic • Batyline® HM Tweed • Batyline® Canatex • Batyline® Mesh

- The Ferrari® Group supports professionals: specialists install fabricators, specifiers, distributors, and makes available to its partners the company's experience, knowledge and photographic library of projects unique worldwide in terms of international references. You can access all this information by opening an account in the limited access area.
- If you have a project and would like support or simply information from the Ferrari® specification department, then don't hesitate to complete our "Professional access" form on the Ferrari® website.
